

Summer is the time to...Bicycle bicycle bicycle....

I want to ride my bicycle bicycle bicycle

I want to ride my bicycle

I want to ride my bike

I want to ride my bicycle

I want to ride it where I like

The Delaware Bicycle Council was created by the State Legislature to “consider, review and work on matters pertaining to bicycling, bicycle safety education and to make recommendations to various state agencies.”

Why not turn in your four (4) wheels for two (2), get some exercise and fresh air and SAVE MONEY? With gasoline prices exceeding \$4.00 a gallon just imagine the savings. Cycling will improve your health, the air quality and even your budget.

If you want to do your part to reduce traffic congestion and air pollution, while exercising and improving your health, consider commuting this week. This is the perfect opportunity for you. If your commute is too far to ride your bicycle comfortably, remember that cycling a portion of the way is also an option. Bicycle lockers at designated Park and Ride lots make it easy to take transit the remainder of the way. Also Delaware State Parks offer many off road opportunities to ride, check out <http://www.destateparks.com/activities/trails/biking/>

The Bicycle Council encourages you to participate in the many activities planned around the state this summer, and ride your bicycle bicycle bicycle.
